In addition to this, paragraph 95 refers to paragraph 6.23 for more information on Vale of White Horse 1997 policy L20. This policy is as follows:

The District Council will oppose development which would result in the loss of existing local leisure facilities. Any proposals involving such a loss will be considered in the light of the need for the facilities to be retained in their current location, and the adequacy of any substitute facilities the developer may offer to provide elsewhere.
